AT THRUXTON

Slow Riding Course Level 2

We are pleased to announce that once again Solent Advanced Motorcyclist Group have agreed to run a course for us this year. We are all aware how useful it is to hone our riding skills at regular intervals. As well as the normal bike control maneuvers we will also be adding breaking hard, then turning. Breaking round corners and stopping quickly, as well as the usual twists and turns.

The course will take place on the inside of the track at Thruxton Circuit. As you enter the circuit follow the entrance road and turn right to go through the tunnel. As you leave the tunnel turn left along the fence. The course start promptly at 1400 hrs, finishing at 1700 hrs. The Cafe is now located in the new main centre building close to where our course is being run.

Please email: john@newforesthog.co.uk to book your place. We have limited number at only £10 per member, for a great course.
